Red Flag Warning

Late This Morning through This Evening

Weather Forecast Office
Midland/Odessa, TX
Issued April 9, 2022 3:33 AM CT

A Red Flag Warning is in effect today for most of the region. Unseasonably hot temperatures combined with breezy and continued very dry conditions will yield critical fire weather conditions with very high to extreme fire danger. Any fire that starts will have the potential to grow and spread rapidly, so be careful, and avoid any activities that could produce a flame or spark! And, if you see smoke or a fire, report it immediately!

Hazardous Weather

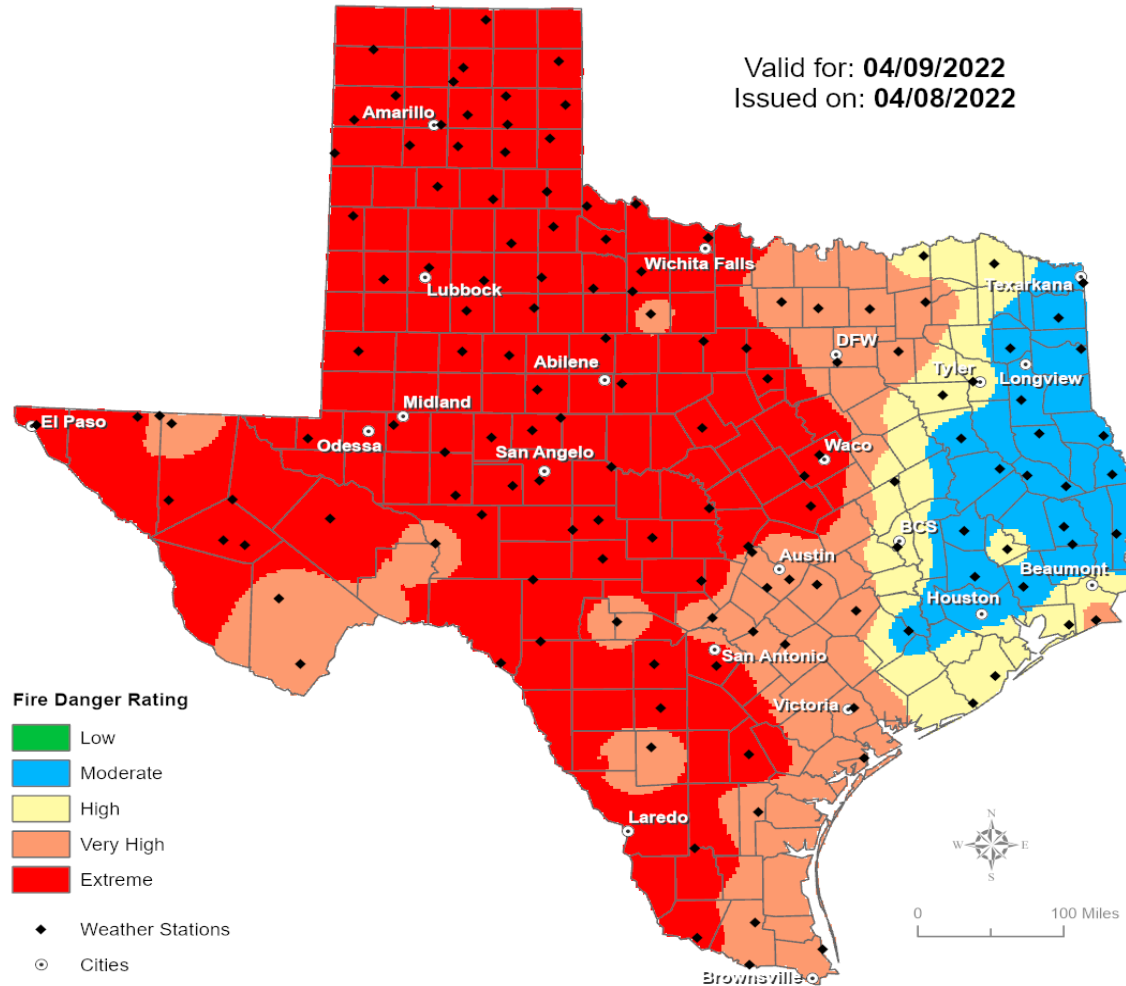

A Red Flag Warning is in effect Saturday from 10 am to 11 pm for Critical Fire Danger that will include very warm temperatures and low humidity along with gusty southwest winds. Careful as always working around heat and fire - they can easily spread out of control under these conditions.
